PROFESSIONAL SUMMARY

Motivated Junior Developer with strong communication, problem-solving, and analytical skills. Eager to learn and grow within a collaborative team environment. Well-versed in building healthy team relationships and adept at adapting to high-pressure situations with a focused and composed mindset.

TECHNICAL SKILLS

Java, HTML, CSS, JavaScript, Spring Boot, Vue.js, JDBC, Table Design, SQL, PostgreSQL, E/R diagrams, Agile, Unit Testing (JUnit), Integration Testing, Git, IntelliJ

TECHNICAL EXPERIENCE

Vending Machine Application

Created a command line vending machine program that utilized Object-Oriented Programming Principles, Java, and file I/O. The software was able to keep inventory, provide change in coins, keep an input log, and accept user input

Tenmo Money Transfer Service

Built complete server-client money transfer application similar to Venmo, using MVC pattern and RESTful APIs. Server-side is powered by Spring framework and incorporates PostgreSQL

Virtual Garden SAAS Platform

Developed a single-page SAAS application enabling users to manage and care for virtual plants. Key features include a personalized recommendation quiz and an AI assistant powered by the Gemini API for plant-specific guidance. Built using Vue.js, HTML, CSS, JavaScript, Bootstrap, Java, Spring Boot, and PostgreSQL

PROFESSIONAL EXPERIENCE

Construction Laborer

Jun '22 - Sep '24

Cooper Services LLC | Worthington, OH

- Remodeled and assisted in the construction of 50+ commercial and residential buildings throughout Columbus
